From Blueprints To Life

DATE

TIME

LOCATION

**Sat 5th October 2019**

Session 1 (1000-1300) Session 2 (1400 - 1700)

Tahir Mosque, 299 Verdant Lane, SE6 1TP

What are the blueprints that tell a plant how to grow or a fetus how to develop? Where can we find the living computer program of life? In these series of talks and hands-on workshops, you will be introduced to the molecule of life: DNA.

Workshop I: Blueprints of life: DNA Origami

Workshop II: Too small to be not ignored: Life under the microscope
