

Celebrate the biosciences at your school

Be a part of **Biology Week 2016!**

8 - 16 October

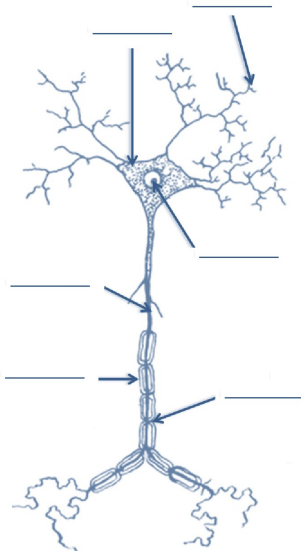

Put your skills to the test & take the Biology Week Quiz

True or False: You can find seaweed in your toothpaste...

Why is the sea blue?

What are the six basic tastes that our tongue can detect?

Arrange a speaker or STEM ambassador to visit your school

For fun yet educational talks & presentations.

Find an event near you

Lectures, debates, music, wildlife walks, dino digs, Big Biology Days & more all across the UK.

Discover careers in biology

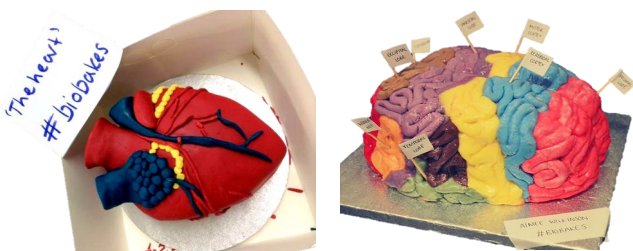

The possibilities are endless....

Get involved in citizen science

Track your allergy symptoms, identify house spiders and spot starling murmurations to contribute to scientific research

Create a bio-bake

After all, the best science projects are edible science projects...

Find out how you can get involved
