

Careers in the Field

Laura Crook

ROTHAMSTED
RESEARCH

My fieldwork career so far:

- Environmental Conservation degree from Bangor University
- Lapwing surveying for the RSPB – twice!
- Research Technician at Sheffield University
- Research Technician at Rothamsted Research

Fieldwork in the Peak District

Blackgrass fieldwork

Working practices and what to expect:

- The WEATHER
- Experiments/plans not working out
- Not being in the office.....?
- Getting to know your colleagues

The two extremes of fieldwork in the UK

Skills required:

- Flexibility
- Teamwork
- Good eye for detail
- A sense of humour.....
- Hardworking
- Conscientious

Any questions?
