

The Royal Society of Biology supports our member organisations, their staff and members through the provision of training and a personalised continuing professional development system.

We offer courses to suit a range of interests and competencies, from entry and early career biologists to senior and expert professionals in their field. Our aim is to promote an interest and engagement in biology and enable individuals to develop a personal lifelong learning journey relevant to their career and professional goals.

As part of our commitment of ensuring that training provided by the RSB is a benefit for your staff and members, **discounts of up to 50% of the full price training fees are available to all staff and members of our Member Organisations.**

We are also expanding our in-house training offer for our Member Organisations. The courses listed below are some of our most popular courses and support our professional registers competency framework key areas. We are able to offer these courses in-house at your organisation's premises. All of our training courses are evaluated to ensure continued high quality.

Knowledge and understanding

- [R software training](#)
- [An introduction to exhibition design](#)

Personal Responsibility

- [Project management](#)
- [Leading and Managing teams in a laboratory environment](#)

Communication and Interpersonal Skills

- [Presentation skills](#)
