

## Guidelines for branch finances 2017-18

In 2015-16 we trialled a new process for administering branch funds, in an attempt to simplify the process as well as incorporate some flexibility throughout the year. This process has been generally well received; there were a few problems and these were discussed both by the Branches Working Group in November 2015 and at the All Branches Meeting in April 2016. For 2017-18 this new process will continue with a few modifications required by the RSB auditors.

**The branch allocation of funding from RSB in 2017-18 will be the same as for 2016-17.**

### Branch bank accounts

From the financial year 2017-18 onwards the rules governing branch bank accounts will change. This is required by both the Charity Commission and by the RSB auditors.

All branches must have accounts with online access and full login details must be provided to the RSB finance manager.

If branches do not want online access, branch finances can be handled directly by the RSB finance manager at head office. In this case the branch bank account should be closed at the end of the 2016-17 financial year and all remaining funds transferred to the head office account.

Several branches already make use of this facility which removes the need to submit an annual return. Invoices and expense claims are submitted to and paid directly from branch funds held at head office and receipts from events are directed to the branches funds.

Branches are still required to submit the annual **Budget Proposal** document for the financial year.

If this situation applies to your branch please contact us with any questions or to discuss further.

### Schedule of financial procedures for 2017-18

The RSB financial year runs from 1<sup>st</sup> October until 30<sup>th</sup> September.

#### Summer 2017:

- Plan activities for 2017-18 and submit details to [regions@rsb.org.uk](mailto:regions@rsb.org.uk) on the Budget Proposal document.

#### Before 15<sup>th</sup> October 2017:

- Prepare and submit the branch annual return form for 2016-17 to head office
- Submit the branch bank account statement as of 30<sup>th</sup> September 2017 to head office

*NB: These two documents are **not** required for branches where accounts are managed at head office and there is no local bank account.*

#### After 1<sup>st</sup> October 2017:

- As soon as **all three documents have been received**, funds will be transferred to the branch account to top up the balance to the level of the annual allocation.  
*NB: there is no carryover of unused allocated funds or additional event funding from one year to the next. Where branches have raised additional income from other sources, carry over should be discussed in advance with head office.*
- Branch treasurers manage finances throughout the year and branches can apply for additional event funding either from the RSB or outside sources as required to run their programme.

### Branch funding allocation

Each branch will receive a set amount of funding (the branch allocation), after the branch return, bank statements and budget planning documents have been received and approved by head office. The branch allocation will be transferred less any balance remaining from the previous year. For branch accounts held centrally, funds will be available from head office once the budget proposal document has been received. This sum allocated should cover the branch general administrative costs, the AGM and as much of the planned programme as possible.

**The branch allocation of funding from RSB in 2017-18 will be the same as for 2016-17.**

### Branch Returns

Each branch, acting through its treasurer, is required to send a return of branch income and expenditure at the end of each financial year. Returns should be sent to [regions@rsb.org.uk](mailto:regions@rsb.org.uk). The branch annual return form is available on the [branch resources page](#). An example of the completed form is shown below.

- 4) Supporting paperwork must be retained for external audit purposes and be prepared to submit these to the RSB when required.

**RETURN IS REQUIRED FOR EXTERNAL AUDIT AND IS NEEDED AT THE RSB BY 15TH OCTOBER**

admission fees, meals etc. Pricing structures for members, non-members, children, etc. should also be considered.

Branch funds **cannot** be used for the following items:

- Charitable donations
- Cash sponsorship of non-branch events, e.g. conference sponsorship
- Transfer of funds to third parties for non-branch events, e.g. school events or prizes
- Cash payments to speakers/presenters unless this is the speaker's main business. These payments should be accompanied by a business invoice. However, a small gift (e.g. wine, flowers) for speakers is permitted. NB. Fees for specialist guided tours or behind the scenes tours **are** permitted and should be accompanied by an invoice from the attraction/venue.
- Cash payments to volunteers including branch committee members **except** for expenses incurred in attending branch meetings or organising branch activities. All such expenses must be supported by an expense claim form approved by the branch treasurer and with accompanying receipts

### Additional event funding

In addition to the basic branch allocation, branch committees will have the opportunity to apply to a separate allocation of funding for specific events (up to £500 for each event), which head office will approve on an individual basis for each event.

This additional event funding is intended to supplement branch committee's basic allocation, so that committees with plans to run additional events throughout the year have the opportunity to apply, as and when opportunities arise. A key aim is to help ensure that the overall budget for all branches is used effectively and efficiently across all 19 branches throughout the year, maximising the collective impact and efforts of our branches.

The additional event funding application form is available on the [branch resources page](#) and applications can be made at any time during the year to [regions@rsb.org.uk](mailto:regions@rsb.org.uk) Branch committees will receive a decision as soon as possible after submitting an application but are encouraged to apply as early as possible to avoid delays in event organisation. We will not necessarily give a yes or no decision, but may instead, offer part funding or suggest alterations to the event proposed.

There is no limit to the number of events that branches are able to apply for funding for and each will be judged as much as possible on their individual merit. As with all branch events, impact and value for money will be important considerations, as well as their congruence with the aims of the RSB, and overall budget limits. Another important factor is that there is a balance of events throughout the country and throughout the year.

Half the overall funding pot for additional event funding will be set aside to fund events in the first six months of the financial year, October 2017 – end of March 2018 and half will be set aside to fund events in the second six months of the financial year, from April 2018 – end of September 2018. This is to enable an equal spread of events throughout the year and to ensure not all funds are allocated within the first half of the year.

### Sourcing additional external event funding

In addition to branch's basic allocation and additional event funding, branches may wish to seek funds from elsewhere. A list of some [public engagement funding schemes](#) is available.

It is worth noting as well, that individual members are able to apply to the [Regional Grant Scheme](#) for event funding. Grantholders are able to work with branch committees to organise and deliver events funded through the regional grant scheme, however events are distinct from branch committee activity, and the individual making the application remains solely responsible for the event.
