British Biology Olympiad 2019

Test your biology knowledge in our national competition for post-16 biology students

The British Biology Olympiad aims to stimulate further interest in biology among students. Students can test their biology understanding and apply their knowledge online in this year's competition.

The achievements of the top scoring students will be recognised at an exclusive celebratory event at the prestigious IET, Savoy Place, London, where they will meet other prizewinners and receive certificates.

High-scoring students will be invited to take further practical and written tests at the British finals. The top four will represent the UK at the International Biology Olympiad 2019 in Szeged, Hungary.

Teachers can register students online at:

www.rsb.org.uk/bbo

Registration closes: 25th January 2019

Competition dates: 1st - 8th February 2019
